From the Presidents chair

This is my last president's chair as my three years steering the club toward the future are at an end. Thinking back it is hard to remember all those who have worked in whatever capacity to continue the club in this strong forward and up wards track. I have had the great pleasure in working these last three years with a great bunch of people who formed the executive/committee. We worked with one goal: that of keeping the club moving forward and in a strong position. No matter who put forward an idea or decision all added their thought to allow us to make the idea or decision the best that could be. We thank the club members for the trust they had in us all, to keep their club functioning and in a good financial position.

I would like to thank Marc treasurer and David secretary & assistant secretary as they have supported and assisted me greatly throughout my three year and especially through COVID 2020. The 2020 year was one where the club held only two meeting and our show n shine, rally and Christmas party get together were cancelled these major social events are important in keeping members in touch with each other. The Sunday and Wednesday ride when reinstated enabled many to socialise and keep in contact, while when restrictions eased some of the ladies were able to reconnect through lunch gatherings. It is when people with common interest gather together the friendships form and talk proliferate. I thank the members for their assistance in the last three years and for their continued support of the committee and their club.

The introduction of the members draw at club meetings has been sponsored by club member Greg Janson of ROCKY CREEK DESIGN. I thank Greg for him unswerving support. Many members have been pleasantly surprised by their wins.

To our registration officers who have had a hard year trying to see all members who wish to reregister their machines. I know some time we have had a steady stream of members and their machines throughout the weekends. THANK YOU-you have been fantastic in keeping our members machines registered.

To our sponsors, just look in our magazine to see all the fantastic businesses that support your club please use them for your purchases if you can. We assist them they assist us.
AN ENORMOUS THANK YOU TO ALL THE GREAT BUSSINESSES WHO ARE ONGOING SPONSORS OF OUR CLUB

To our trusty magazine editor who has kept us all informed of club happening and kept us looking forward to the magazine every month. I thank you David on behalf of the club and myself. You have fill our magazine with pictures and funny quips you have kept us smiling throughout these past years.

It will be nice to take a back seat at club meetings and events and be able to chat with you all thank you for your ongoing support and friendship.

To all club members please support the new committee as they work through the restrictions in 2021. Cheers Mary Walker

Moist Valentine's Day Ride

Sunday 14/02/2021

A few brave souls made it out to Annie's Garden for a very moist Valentine's Day ride. Marina and I left sunny Banora Point around 9ish hoping to meet up with a good crowd of eager post-covid (maybe if we say post-covid often enough it will become a thing of the past...) club members at Annie's Garden.

Around about Bray Park the first few spatters of rain hit the visor. Looking up towards Mount Warning didn't look too promising either. By the time we got to Uki it was raining lightly but constantly. We pulled over and had a brief conflagration about the pros and cons of continuing or turning back and heading home. We decided to forge on and see who else might have braved the looming weather. Mind you, I was tempted to turn around when we got to Sphinx Rock...

On arriving at Annie's Garden there were no bikes visible from the top of the driveway but, I did spot Michael S's beard. As we pulled in and parked the bike, another rider came down the driveway. Turned out to be Will Palmer. Then Jack McIntosh followed by Peter Fleming. 4 bikes in all and a few people in cars.

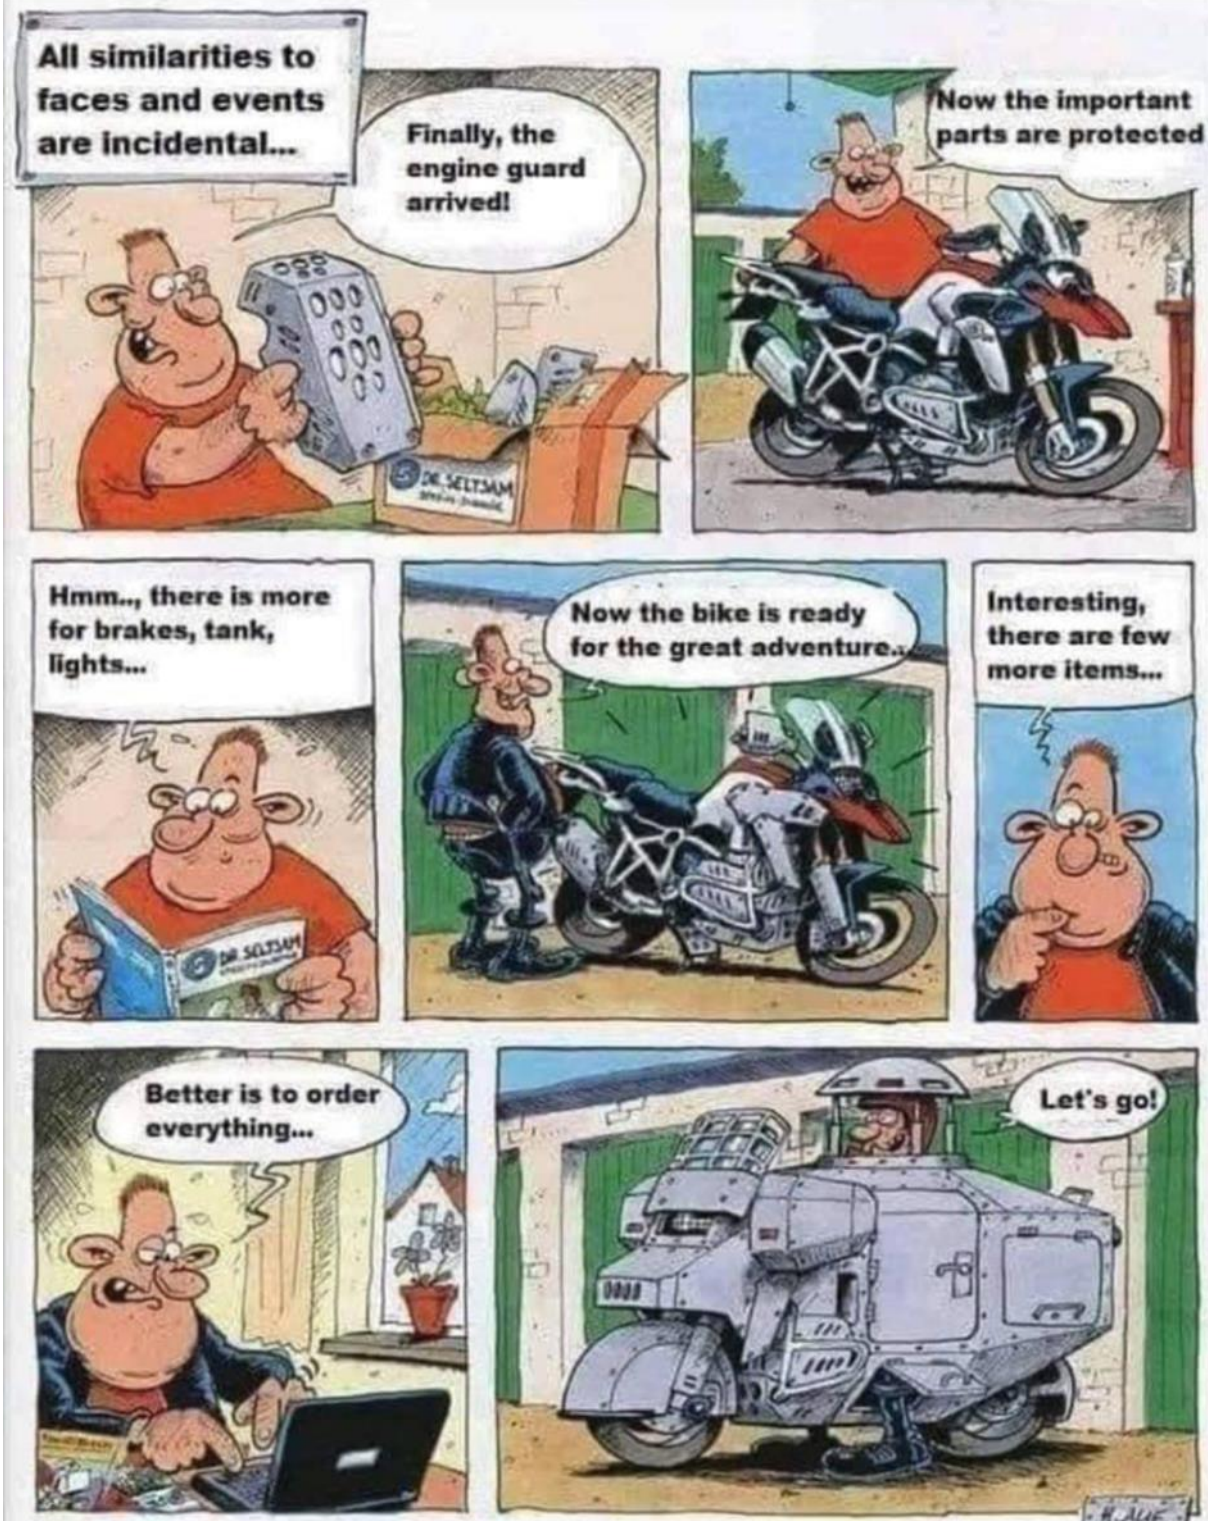

As it was raining on and off, we all took refuge under cover. Meals, snacks, coffee and tea were enjoyed by all. Everything was expertly delivered to tables by Annie's young helpers. As the morning gave way to early afternoon the rain settled in. A couple of brief breaks in the rain gave people a chance to head off. In all it was a very pleasant, if a bit moist, morning for all. Even the chickens came to say hello and had a seat with us...

You should have been there. See you next month at Mooball.

Definition of a Classic bike

It's something that gets you in, takes your time, wastes your money, tries your patience, takes the skin off your knuckles, risks your neck, clutters up your garage and back yard, annoys your neighbours, rattles like a bucket of bolts, freezes you in winter, heats you in summer and generally makes you it's slave. But it is worth every bit of it, even if it's just for the friends it makes for you, and the good times you have together.

Thanks mate for lending me

The new R 100 series got the frame of the R 80.
