NEW DAY BOOK FOR REGISTERING RIDES

If an event has not been included in the minutes of the club and a member wishes to attend following an invitation from the event organisers (This may be through an advertisement or a flyer or personal contact), you can contact the secretary for entry of the ride into the club Day Book. You can also enter rides you need to service or test the bike after repairs/adjustments; BUT remember, the use of historic registered bikes is only for club events and for servicing. The use of the day book is not intended to allow you to use the bike as if it were fully registered. So a long distance run to 'charge the battery' for example would not qualify and you would be on your own in a 'discussion' with a policeman!

My email address -(preferred contact method) richard.swinton@gmail.com phone 02 6629 1069 and leave a message. I need the registered number of the bike, your name, the date for the ride, and the reason.

Book of the Month . . .

"The Vincent in the Barn" - Great stories of motorcycle archaeology by Tom Cotter.

This collection of stories and photos tells of people unearthing those hidden historic motorcycles out of someone's shed or under the orchard trees. The stories are grouped into chapters with a common theme such as 'Crimes of persistence', 'Strange journeys', 'Speed freaks', or 'Rare birds'; and each story reminds you of those machines you should have kept or nearly got to first.

If only we could have such luck or persistence?! I think of the 1952 Norton ES2 I partly owned before farm finances forced me to sell it before I finished paying for it - If only....

If you're interested in reading it, it's in my collection - Richard Swinton 02 6629 1069 or richard.swinton@gmail.com

The first Mid-week run for June

We are getting a very regular group of mid week run enthusiasts now and it is great to get out on a fine day and enjoy an easy run around some of our very scenic and sometimes little rough roads but we are not bothered at all. We always end up somewhere for a hot cuppa and with whatever else is on offer. I am sure there are quite a few other members who would enjoy the run on their "Classic" or just ordinary road bike and a coffee at the end of the run.

From left: The regulars on the Mid-week run are: Peter Lake, Rob Andrews, Ray Martlew, Noel Edwards, Ian McCormack, Brian Riordan with Alister Bell (not in pic.) too busy taking photo.

The coffee stop chosen for this run was at Newrybar, Harvest Coffee shop and just opposite was this antique plaza selling old and classic furniture, see above (shed) which we thought was very aptly advertised, so we took advantage of the wording which so truly says it all.

metres into the Broadwater to Evans section when tragedy struck again. This time Ian Mac's busy little 1970's 98cc Suzy decided it had had enough thrashing and needed a spell also. Ian waited and waited but the back-up crew had spent some time trying to fix a blown fuse on Alistair's Yamaha and had to visit the Broadwater garage to obtain one and return to the roadside to fix it so meanwhile Ian had hid his bike in the bushes and hitched a ride into Evans Head on Peter's classic BMW. Yes he did collect it later and took it home on the trailer.

The coffee at Evans Head Silver Sands kiosk was much appreciated and on a rough count there were 50 members present. As can be seen by the photos there were many awesome classic motorbikes in attendance and is rewarding for so many of our members to support this event. Noel E

Our first "Slow bike run" for the year was certainly well represented by over 40 bikes arriving at the Lismore rail park in June in readiness for the run to Evans Head. We travelled via a well documented route from previous occasions; up Skyline Road where the first catch-up stop found the first patient for the back-up vehicle was poor Kyogle Jack who had made a valiant effort in riding his smallest "Classic bike", a little 98cc Yamaha twin just to have it drop a cylinder at the foot of the hill. We are not sure whether he appreciated having to become a passenger in the back-up vehicle but it sure has proved worthwhile having an emergency vehicle for these events.

We all continued on (had to traverse through nearly two inches of water at Dalwood at which a couple of riders complained about) must have spent a lot of time polishing their bikes before the run. I always enjoy the view from the top of Meershaum Vale Hill, seeing the ocean in the distance, (yes it was a very clear day).

Everything went well until a few kilo-

From the Editor's desk . . .

Only two months to our annual Classic rally held in Ballina. Have you prepared your classic bike for the big event? In the back pages of this edition you will find all the info and entry forms necessary and they can easily be downloaded from this newsletter. If you have any difficulty in getting them please let us know so you will not miss out entering as the closing date is September 14.

You will notice the additional event this year, A slow bike run for all "Classic Bikes" pre 1960. Starts Friday, Sept 28 starting at 10 am from Commemoration Park, Bentsick St., Ballina and is definitely only for pre 1960 only bikes and yes we will have a back-up vehicle.

On a sad note I have to report that Errol Smith's wife Freda passed away last month so on behalf of our club I offer Errol our sincere condolences who is a great enthusiast of our "Over the Hill" run held each year.

Reporting from Bonalbo

Last month I received this report from Mick Crane from Bonalbo and he said he attended the late Bill Parker collection auction in Toowoomba. A huge crowd attended, all bikes went for huge dollars, i.e. 1924 Douglas race bike \$31000, small Indians and Harleys from the teens +\$300000. Even an Indian wheel, yes a wheel, sold for \$4400, some of the bikes were sold to the Nabiac museum.

Mick [1937 16h] and daughter 16 year old Rachelle on 3 day old L PLATES [1953 ES2] attended the 30th annual Norton rally at Nundle. The 16h won best pre war bike and Rachelle got an 'outstanding effort' award.

Cheers Mick

President's report . . .

Members at our last monthly club meeting vice president Eric read out a document from the RMS or as it was RTA that NSW was not going to follow VIC roads with the log book system for the historic registered bikes, that said I think, its now as it has been!, let's face it, it is not very clear the legal use of historic rego bikes outside of club runs, by the time this report is read the club will have some guide lines to HELP. I read a report recently about the use of historic bikes and the attention by the Police of such bikes EG The Police pulls over a NORTON, TRIUMPH or BSA more likely its to check out the BIKES, the POLICE pull over a Honda 900 or a Suzuki 1000 its most likely to book them!! PLEASE NOTE THIS IS NOT A POLICE REPORT just a reporter comments. Members I think (this is just my thoughts) that the regulation by the new RMS will change, how and what I am not sure, but I think that the RMS will see the number of bikes using the historic system and have a new look at it!! What we as a club must do is to make sure we comply to the current regulation. One of the things member can do is to make sure that their own bikes are road worthy. All in all we just want to ride our bikes in safety within the law, lets hope we can now and in the future.
