\$1000 Donation from the Northern Rivers Classic Motorcycle Club

It was with great pleasure that Bryson & I attended the Northern NSW Local Health District Cancer Institute Lismore to hand over the clubs \$1000 cheque. We met the Office Manager Mrs Arlie Pagotto, who on behalf of the Institute accepted the cheque. She expressed delight in receiving our donation and wanted to know how we raised the money. She is thrilled that the amount has moved them on step closer to their goal of purchasing 12 'Entertainment & Nurses Call Buzzer Remote unit' at a cost of \$1000 each. The remote units are be used by patients receiving chemotherapy treatment.

Presidents Report - June 2018

From the Presidents Chair

The end of July saw club members attend the Warwick area 'Frostbite Rally' at Allora Showground. Some members camped at the showground while others chose to take hotel accommodation no matter where they stayed all has a great time. The Frostbite Rally as the name hints can be cold with our very first venture to the rally seeing temperatures drop to a very chilly -7° with ice thick on the cars and ground, this time it was a warm rally with us removing our jacket liners and not putting as much on under our jackets. The variety of makes and ages once again was amazing the rally being out in the flat country always attracts interesting machines. Bryson rode the veteran while I decided on the Guzzi as I thought I needed to give it a run as I have been on the BSA a lot lately. If you get the chance to attend the Frostbite Rally do so, the rides, generosity and friendly members of the Warwick club is wonderful, we always have a good time catching up with other like minded people.

In the last several from the president's chair I have been writing about members drawn together by our passion for motorcycling, your generosity to lending a helping hand and support others while motorcycling around our wonderful area.

This is what our club did for the Aussie Triples Rally on the weekend of 18th-19th August. Members turned up to ride their machines and marshal along the way. This was greatly appreciated by the participants who showed this by their applause and words at the Saturday night dinner.

The self marshalled Friday ride to Brunswick Heads Bowling club would have been foremost in their minds where around 20 only, made it to Brunswick Heads for lunch the others taking a scenic look around our area before finding their way back to Evans Head.

Many participants personally thanked me for the marshals and asked that I take their thanks back to the club members. Well done to those who were able to ride their machines and marshal. I hope you had a great time I know I did and I wasn't even on a bike, but assisting in other ways.

Our rally is just a short time away and I know I can count on your support. To the members who attended rally meetings THANK YOU, you made the decisions and offered your support, stepping up for jobs, lending your helping hands to make our rally work. To those who always turn up and work cooking 'Welcome BBQ' Friday afternoon and the Sunday Breakfast I know you will be there. This is what makes our club so good, your generous support and your willingness to assist.

Many members have already entered our rally and this is great, the entries from others are coming in and it is looking like a great rally. Peter L has a chosen a great ride showing off our terrific motorcycling attraction, our massive secondary roads, be they bumpy and potholed.

See you at Evans Head 14th-16th September

Keep up right

Email with Apology from Jimmy StrangRegrettably will not be able to attend Evans rally. A round of the southern downs classic is being held at Morgan park that weekend. It will be my first day back racing bikes in over 25 years.

It started off me wanting to ride classic bikes with other old blokes.

Unfortunately there is not enough of that up here especially at the back end of the race season.so enter Qld sportsman's club racing.

Have picked a 30 year old 250 production class bike MC19 Honda . It is still raced widely in australia.Allowing both classic and class club racing.

This whole caper has consumed a lot of my time and money lately. Track days are fun.

(We as a club should look at booking a track day with coaches , for our members on our assorted old bikes. and benefit from all the things it has to offer safety wise and the comradery and fun a day like this would afford all concerned. It would also promote rider education and increased emphasis on bike and rider safety)

Here are 3 photos. 1 off troy Bayliss 1 of troy Hurfoss. 1 of my MC19 being prepped for race day, a lot slower than the 2 Troy s at Morgan park.

Cheers jimmy strang

Removal of registration labels

Vehicles registered under the Conditional Registration Scheme are no longer required to display a registration label. The Road Transport (Vehicle Registration) Regulation 2017 was amended on 1 July 2018 and the requirement to display a label was removed. This means you will no longer receive a label with your registration certificate.

Labels for light vehicles have not been required since 2013 and recent national changes have abolished registration labels for heavy vehicles.

Displaying labels after 1 July 2018

Although there is no legal requirement for vehicles registered under the Conditional Registration Scheme to display a label from 1 July 2018, there is also no requirement for labels to be removed. You may leave existing labels on your vehicles if you wish.

Additionally, it is no longer an offence to display an expired label.

More information

For further information on the changes please see the [FAQs](#) or call Service NSW on 13 22 13.

FAQs

Why have registration labels for Conditional vehicles been abolished?

Labels for light vehicles have not been required since 2013 and recent national changes have abolished registration labels for heavy vehicles.

How will police know if my vehicle is registered if there is no label?

NSW Police use number plate recognition cameras to automatically detect if a vehicle is registered or unregistered. Fixed enforcement cameras can also detect unregistered vehicles.

How will I know when my vehicle is due for registration without a label?

You will continue to be sent registration reminder notices in the post 6 weeks prior to when your registration is due for renewal.

Why did I still receive a registration label after 1 July 2018?

Some customers may have received registration labels after 1 July 2018. This is due to our system transitioning to the new registration notice. If you received a label you are not legally required to display it on your vehicle.

This is the actual article from the RMS web site it looks like that we are now fully on the RMS system .
